Stamping With Renee

MATERIALS:

Cardstock: Basic White, Mint Macaron, Pale Papaya

Inks: Evening Evergreen

Stamps: Sending Smiles

Dies: Bloom Hybrid Embossing Folder

Embossing Folder: Bloom Hybrid

Stampin' Cut & Emboss machine

ETC.: 2021-2023 In Color Opal Rounds, Stampin' Dimensionals, Multi-Purpose Glue

CONSTRUCTION:

1. Card Base: 5 1/2" x 8" scored at 4 1/2" in Mint Macaron CS
2. Cut one 4" x 5 1/4" layer of Pale Papaya; cut one 3 3/4" x 5" piece of white CS, and one 4" x 5 1/4" white CS for inside card.
3. Emboss the 3 3/4" x 5" panel using Bloom Hybrid 3D embossing folder and adhere to Pale Papaya panel, and then adhere that to the front of the card base.
4. Die cuts:
 - Use the dies from Bloom Hybrid Embossing Folder to cut flowers from the 2021-2023 In Colors Pearlescent Vellum, I used Fresh Freesia, Pale Papaya, and Polished Pink.
 - Use the dies to cut leaves from the vellum in Soft Succulent and Evening Evergreen. I also embossed some of the leaves on vellum before die cutting them for the texture.
2. Arrange the flowers on the front white embossed panel and adhere with mini dimensionals. Arrange the leaves how you want them and adhere with multi-purpose glue.
3. Use matching 2021-2023 In Color Opal Rounds for the center of each flower.
