MATERIALS:

Cardstock: Crumb Cake, Early Espresso, Evening Evergreen, Soft Succulent, Basic White, Silver Foil CS
Inks: Evening Evergreen, Night of Navy, Staz-on Black
Stamps: Geared Up Garage (retired)

Dies: Garage Dies (retired), Seasonal Labels, Stitched Rectangles

Embossing Folder: none

Stampin' Cut & Emboss machine for die cutting

ETC.: Old masculine style DSP, Brushed Metallic Adhesive Backed Dots, Stampin' Dimensionals, Multi-Purpose Glue

CONSTRUCTION:

1. Card Base: 5 1/2" x 8" scored at 4 1/2" in Crumb Cake CS
2. Cut one 4" x 5 1/4" panel of Early Espresso CS and one of white CS (one for front layer and other for inside card).
3. Cut four 3/4" x 5" strips of alternating DSP. I used some old retired paper that I found. Attach the four strips to the Early Espresso panel, then attach to the card base.
4. Stamp the car onto white CS using Night of Navy ink (I painted the white areas and headlights with metallic watercolors.), and die cut.
5. Stamp the toolbox on Silver Foil CS using Staz-on Black ink. Use Garage dies to cut toolbox, tools, and gears in Silver Foil CS. Arrange and adhere gears, car, toolbox, and tools with multi-purpose glue and/or dimensionals.
6. Stamp "You're a Classic" on Soft Succulent CS and cut with die from Seasonal Labels.
7. Cut a rectangle from Stitched Rectangles die in Evening Evergreen. Glue the sentiment onto the rectangle. Attach rectangle to front of card with dimensionals.
8. Stamp a sentiment on the 4" x 5 1/4" panel of white CS, then adhere to inside of card.
